UDAIPUR ANNEX

Opening

There are moments we eagerly await, like certain holidays or celebrations. As the days go by, it becomes harder to contain our excitement. The **opening of the annex of Alliance Française in Udaipur on June 7th** was one of those rare moments in life where everything was just perfect.

Inaugurated by **His Excellency French Ambassador Mr. Thierry Mathou**, along with his wife **Mme. Cecile Mathou** and **His Royal Highness Prince Lakshyaraj Singh Mewar of Udaipur**, in the presence of delegates and members of the **French network in India** and **President and officials of the Alliance Française Jaipur**.

An Annex for All

CITY OF LAKES, CITY OF FRENCH LANGUAGE

Alliance Française Udaipur has embraced the same mission as its parent body in Jaipur- **to promote and develop French language and culture in Rajasthan**, with an objective to make it **accessible and available for everyone**.

UDAIPUR

Image credit: @Edmund Sumner

Udaipur, the city of lakes and palaces, reflects the history of southern Rajasthan, connecting the past with its traditions while also embracing modernity. It is a **forward-thinking city**, with a foot set strong on a **cultural past**.

In this edition of our *Partner Focus*, we present the inimitable **Third Space in Udaipur**.

With its **ultra-modern, minimalist architecture**, cinema and theatre halls, the building, though contemporary in style, proudly displays its traditional identity. You can also try your hand at **climbing** or immerse yourself in this third space by learning **traditional crafts**, or experience an immersive space exploration or get creative at the makers' space.

French Ambassador Mr. Thierry Mathou's first visit to Third Space on June 7, paved the way for a **fruitful collaboration** between the venue and the Alliance Française Udaipur, for the Olympic Games Paris 2024.

A **month-long partnership** ranging from films, marathon, panel discussions, judo, boxing, table tennis tournaments, and much more!

Read more about the events showcased during the Olympics below, and don't forget to visit **Third Space** when you're in Udaipur next below.

THE OPEN SPACE SOCIETY

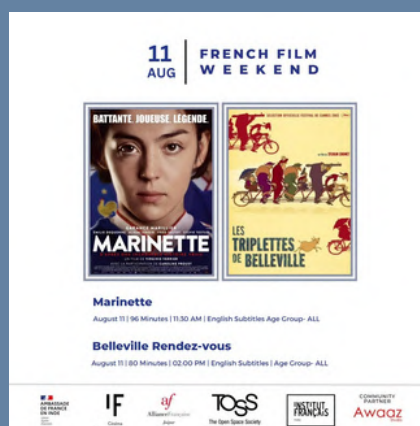

Center of Media and Arts

CINEMA CINEMA

TOSS

At **TOSS**, the institution's mission is to function as a **vibrant incubator for creativity and intellectual curiosity**. It strives to be a fertile ground for individuals eager to engage with **innovative ideas and artistic exploration**. Partnering with the Tata Institute of Social Sciences and Whistling Woods, Mumbai, TOSS offers a **robust vocational curriculum** that includes media studies across various fields such as **journalism, animation, cinematography, direction, editing, scriptwriting, sound, and production**.

TOSS was a partner for the Olympic cinema festival in Jaipur, bringing films like **Sirène, Les Triplettes de Belleville and Marinette**.

Film Spotlight

GENDER AND SPORTS

Shows ran packed full house, whether in Jaipur or Udaipur. Films, diverse in content, and powerful in their message kept audiences of all ages captivated. **Marinette**, a film on the place of **gender in sports**, was a runaway hit with the young audience in Udaipur.

Olympic Rajasthan

JAIPUR - UDAIPUR - AJMER

Ajmer witnessed a giant **women's football tournament** involving **400 young girls** in partnership with the **Rajasthan Football Association** and **Mahila Jan Adhikar Samiti - MJAS**.

MJAS works to **promote leadership of women** at all levels of action for social change. One of the association's programs uses **football to promote freedom, unity, and solidarity** among girls aged 10-18 years. **These teams** have already played in several **national, state, and district tournaments**. Four girls are **D-Licensed coaches**, making them the first women coaches in this district of Rajasthan.

Their objective is to use sports, particularly football, traditionally seen as a 'male sport,' to **break gender norms, help girls move beyond their family's confines, take greater control of their bodies, better negotiate their aspirations, and ultimately prevent early marriages for themselves and others**. Initially, the plan was to target 60 girls from four villages as participants, but due to a favorable response, the count was extended. Today, **more than 400 girls** play football **across 11 villages in the Ajmer and Kekdi districts of Rajasthan**.

The participants left with a medal and a certificate, a small gesture of our recognition for their involvement in this spectacular project.

Ajmer Football All Stars

GLIMPSES OF THE ALL-GIRLS' FOOTBALL MATCH IN AJMER

The afternoon was just perfect for **400 girls to take to the field** at the **Sanskriti School** grounds in **Ajmer**. A splash of colours – blue, pink, green, yellow, reds, – they held up the flags of their village clubs with pride. As they marched forward to the opening anthem, one could feel a sense of **fulfilment, joy for and a sense belonging** with them.

Olympic Festival

Paris Olympics have just ended! The **Paralympics** are still on, and we can look back with nostalgia on this month-long celebrations of sports and camaraderie. Alliance Française Jaipur wanted to bring the electric atmosphere of the games to as many people as possible by organizing an Olympic festival, which primarily took place in **Udaipur** but also included events in **Jaipur** and **Ajmer**.

Third Space, along with **numerous partner institutions**, joined the celebrations and the visitors had the opportunity to discover sports such as **judo, volleyball, climbing and breaking**, which debuted at this year's Olympic Games. **Workshops** open to all were interspersed with **debates** attended by **hundreds of participants** from all over Udaipur and many surrounding schools. They had the chance to **interact with former Olympic medalists** and other **well-known athletes from Olympic and Paralympic games**.

Olympic Workshops

Alliance Française Jaipur aimed to **highlight Olympic values** by organizing **workshops for students and budding judo players from the Abhilasha Vishesh Vidyalaya**, a school dedicated to deaf children, ensuring that the celebration would bring joy to everyone, irrespective of their physical or other difficulties. On that note, workshops involving para-athletes were a way to create **an environment of diversity and inclusivity**.

THANK YOU TO ALL OUR PARTNERS

French Embassy in India, French Institute, Third space, Toss, Mahila Jan Adhikar, Rajasthan Football Association, Abhilasha Vishesh Vidyalaya, Indian Women Impact, and all our participants !

You might already know him from our social media or even from the Olympic Games, but do you really know the origin and meaning of **Mister Phryges**?

The Phryges are the **official mascots for the Paris 2024 Olympic and Paralympic Games**.

Representing **two anthropomorphic Phrygian caps**, these mascots embody **a key symbol of French history and liberty**. The Phrygian cap, traditionally worn by freed slaves in ancient Phrygia and later adopted during the **French Revolution**, has been **a symbol of freedom and equality**.

Monsieur Phryges in Udaipur

Unveiled on November 14, 2022, the Phryges were introduced as *sporty, party-loving, and distinctly French*, reflecting their role in celebrating the Olympic spirit.

The mascots, depicted as **red triangular caps with distinctive personalities**. One methodical and charming, the other spontaneous and lively carry the Paris 2024 emblem and tricolor ribbons representing the French flag. The **Olympic Phryge** features blue sneakers, while the **Paralympic Phryge** includes a prosthesis, emphasizing the diversity and inclusivity of the Games.

These **Phryges** had their **very own tour in Udaipur!** The gigantic mascots travelled across the city - to schools, colleges and other institutions, meeting students and taking a **bunch of fun selfies**- living upto its repute of being the sporty, fun-loving, party-hopping character!

Bastille Day

JAIPUR

President Macron's visit to Jaipur last January cemented the **friendship between France and Rajasthan**, a favored destination for tourism for the French. Rajasthan returned the favor on **July 14, France's national holiday also known as Bastille Day**, as the Alliance Française of Jaipur lit up the city with the iconic blue, white, and red of the French flag. **Albert Hall Museum** stood testimony to this landmark day of celebrations. A big thanks to **Jaipur Virasat Foundation** and the **Government of Rajasthan** for making this possible.

UDAIPUR

In **Udaipur**, the **City Palace** adorned its façade with the French colors, as **students and teachers of the Palace School** braved the incessant rain to pose for a beautiful photo. Thanks to **HRH Prince Lakshyaraj Singh Mewar**, **Mr. Sanjay Datta** and the **Maharana Mewar Public School** for making this possible.

Interns from École du Louvre in Jaipur

ÉCOLE DU LOUVRE INTERNS STARTS WORK AT MSMS II MUSEUM

The third cohort of the **École du Louvre** interns are all set to arrive in Jaipur on the 2nd of September. **Agathe, Marie, Luna and Albane**, all students of the second year of Masters programme, will be working on the collections at the **Maharaja Sawai Man Singh II Museum in Jaipur**, under the guidance of the **curators** and led by **museum consultant Dr. Mrinalini Venkateswaran**.

UPCOMING EVENTS SEPTEMBER

JAIPUR ANTICHAMBRE SEPTEMBER TOUR

A delightful, poetic tribute to solitude, contemplation and finding oneself. Celebrated **French company Stereoptik**, brings to Jaipur their much-acclaimed production **Antichambre**. Two artists, **Romain Bermond** and **Jean-Baptiste Maillet**, deliver a stunning visual treat with a **live, short animated film combining cartoon, stop-motion, painting, object theatre and music**, made **in-situ and live**, as the story unfolds in front of the audience. In addition to being the making-of of the film, the show lets the audience discover the company's **creative process**, through in-depth interaction, beyond the scene process and a glimpse into the **storyboard of the production**.

ANTICHAMBRE

MAIN AUDITORIUM RAJASTHAN CENTRE

Locked away in his room, a student spends all summer working on his thesis. Lost among his notes, he finds a photo of himself as a child, holding a butterfly. And thanks to this photo, he reconnects with his capacity for observation and the wonder that was buried inside him. He spends his days feeling the wind, watching the clouds and daydreaming. He flies over the Amazon, dives into ocean depths, meets chimerical creatures and falls in love. His imaginary travels, and his contemplation of his own environment, sometimes intrigue him, move him, and often fill him with wonder, but above all change him forever.

GRATTE-CIEL
OCTOBER TOUR

The artistic tour of the year is here! A spectacular performance that stormed the **opening of the Olympic Games** in Paris is coming to Jaipur in **October**. **French Company Gratte Ciel**, with their ethereal **dance** and **acrobatics** performance **Rozeo**, where three performers perch themselves on 10 meter tall poles, is sure to captivate the audience in the city. This **living installation** is **inspired by nature** and invites you to immerse yourself in the landscape and the **beauty of the world around**. Take a deep breath, settle down and look up as Gratte Ciel's virtuosic and entrancing performers take to the sky. With **a live music pavilion** that improvises to the performance as it evolves, this is nothing like anything you have seen before!

MUSIC - JAIPUR - JUNE 30

AKODA

Ta Blu -Clarks Amer

Valérie Chane Tef, known by her stage name **Akoda**, is a highly acclaimed Creole jazz pianist from Reunion Island. She brings a captivating fusion of **contemporary jazz** infused with her rich cultural heritage. **Akoda** has earned international acclaim with their successful albums *Muzik pou lo kèr* (2019) and *Nout'Souk* (2022).

They took us a trip of their **Creole ballads** that make up their identity and their contagious joie de vivre, In Jaipur, for the **World Music Day celebrations**. On stage, she was accompanied by two musicians, **Thomas Boude** on bass and **Eric Perez** on percussion.

Performed at the iconic **Clarks Amer** bar, **Ta Blu**, the music was an absolute homage to the swaying rhythm of the Indian Ocean, electrifying jazz, mixed with creole - and as expected, it got everyone to the **dance floor!**

Jajaam

One morning in June, we received an email informing us that **Olivier Pog** and his family would be visiting Rajasthan in August. We didn't hesitate to offer him the chance to collaborate on a **workshop**. He ended up leading three of them in Udaipur.

Do you know **Olivier Pog** ? He's French and lives in Brittany (you know, where people wear striped sailor shirts ;) After attending an **applied arts** school, he decided to venture into writing **comic books** . He has written over 100, always accompanied by his partner in crime, **Lili la Baleine** or *Lili the whale*.

Central Public School Udaipur

We invite you to revisit these festive moments of creativity that took place in Udaipur on July 31st and August 1st at **CPS Udaipur, Witty International School Udaipur, and Jajaam in Udaipur.**

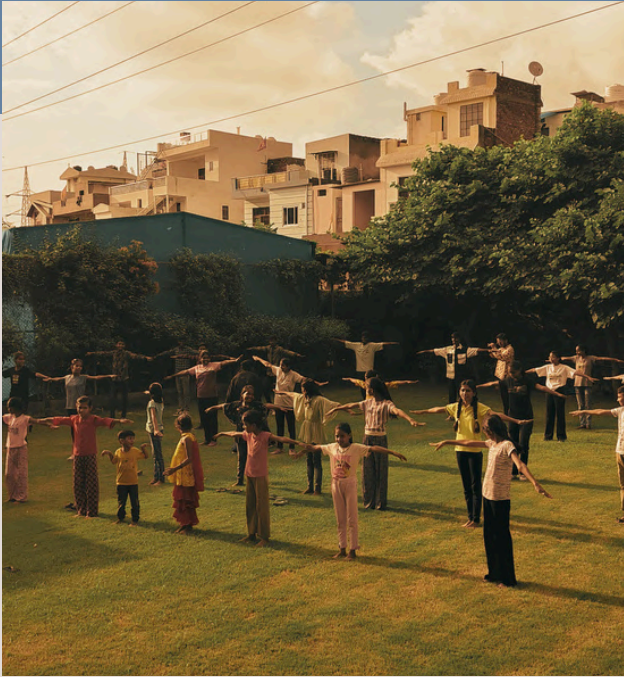

The workshop focused on **creative design, story board making and conceptualising a simple comic**. Participants also created their **central characters** and gave it a distinct personality of their choice, all under the skilful guidance of Olivier.

EXPERT SPEAK: OUR INSTRUCTOR DEV

Unleash your inner B-boy/B-girl at our exhilarating breaking dance workshop! Experience the pulse-pounding energy of this dynamic street dance style.

BREAKDANCE

JAIPUR OLYMPIC FESTIVAL

An **exclusive ode to the competition that made it to Paris Olympics 2024**, Alliance Française Jaipur celebrated an afternoon of *breaking* with **Dev**.

On a balmy monsoon afternoon, and the **entire neighbourhood** had landed up for their **very first breakdance class**. **Children** as young as **4 years**, everyone was ready! It was filled with **movement, stretches** and **light exercises**, but also with a lot of **knowledge sharing** on the **history and evolution of the break** as a dance form, an ideal way to raise a toast to this sporty performance that **made its way**, even if briefly, to the **Olympic games**.

Under the guidance of our experienced instructor **Dev** we learnt the fundamental techniques of **breaking**, including **top-rocks, transitions and variations**. Whether you're a complete beginner or an aspiring breaker, this kind of workshop will **challenge you to push your physical limits** and explore the boundless creativity of this vibrant dance form. Prepare to break a sweat, develop your **rhythm**, and discover the thrill of mastering gravity-defying moves. **Unlock your breaking potential!**

SLANG WORKSHOP

In **May of 2024**, we invited our students to a super fun (and totally unique) **French slang learning workshop** at the Alliance Française where they ditched the usual "bonjour" and "merci".

Allons-y à
l'atelier d'argot
Français!

Instead, they learnt all the **cool expressions** that make one sound like a native French speaker by using slang, appropriately and effectively!
To not end up sounding like a goofy tourist!

They also learnt that **slang are not swear words**, they are just **informal ways of talking** in easy, familiar situations, especially with friends.

The session was **moderated by our then intern Lilah and our teacher Héloïse**, who offered an absolute **native's viewpoint** of the use of slangs in everyday French vocabulary.

Turn a Page Wednesday

Here's a glimpse into our very special **readers' club**! **Every Wednesday**, a group of students get together to simply **read classics of French literature** - and while at it, they get a chance to **improve their pronunciation and vocabulary**. That's not it, they discover **gems of French literature** and **speak French in midst of their peers with more confidence and pride!** The sessions are **led by our Director of Pedagogy Girija** and Coordinator Surbhi, for **different age groups and French levels!**

JAYA

Here's a little **testimony** of our student **Jaya**, who is a regular at the **Turn a Page Wednesdays**.

*I have had the most amazing experience at this **Turn a Page Wednesdays**- I learnt a bunch of new words, how to use these words, how to read fluently in French, and especially the way Girija ma'am puts us at ease and comfort, there is no judgement.*

First time when I came in, I was hesitant, and then right after that first session, all my hesitation in speaking aloud was gone. I have developed an interest in reading and also in interacting with my peers.

The books we read together is just a way for us to use the knowledge in extending our interaction to a wider audience. I am really motivated, and I am super happy we have these sessions with Turn a Page.
