

## Check your level Test

The Check your level Test is for people who

- Have studied French before but took a break
- Who want to join a non-beginner class, but are unsure of their level.

AF Jaipur proposes The *Check your Level Test*, which gives an accurate idea of the current level of the student, and accordingly suggests the level appropriate for registration.

The *Check your level Test* consists of two parts :

- Speaking
- Writing

It is modeled on the DELF pattern of assessment and evaluates one's ability to use French in real life situations.

Please note :

- The *Check your level Test* has a fixed price of INR 590.00 [inclusive of 18% GST]. This amount is adjusted against the course fees upon registration in a course at the Alliance Française de Jaipur. This is valid only if the student joins the next available batch of the recommended level.
- No proficiency certificate will be issued based on the result of the *Check your level Test*.
- The *Check your level Test* is not an indication of one's preparedness for the DELF exams. [To fine-tune preparations for the DELF exams, please see the DELF Prepa Module]
- We strongly recommend the offline mode for taking the Test.

Procedure to register :

Fill up the google form

We will contact you to book your slot for the Test and share the QR code for making the payment. Once the payment is completed, the booking is considered confirmed.

**No requests for transfers to another date or refunds will be entertained.**
